## Great Mate Set Up Instructions.

1) Taking hold of the GREAT MATE as shown in Pic 1, locate the locking catch on side of the stand.

2) Flip catch out wards. The stand is now ready to be opened!

3) Open stand outwards to full extent.

4) Put the seat down and support it with your knee, at the same time remove the support brackets housed in their stowing position.

5) Insert the support brackets into the outer legs of the frame.

6) Repeat for the other side. Make sure you put the right bracket into the right leg. The Uprights on the support brackets should be vertical!

Central stand support

7) To Stow the GREAT MATE ready for transport, replace the support brackets as Shown in Pic 7, and repeat steps 1 to 4 in reverse. (use your foot to flip up the central stand support)
